

THE PSHE WORKBOX – Sex Education Script Excerpt

In this scene, the character of THE BOY is talking about his relationship.

I told her, I loved her.
And I did
I mean, I did love her, I did tell her...coz I do...love her.

‘And I do too’ she said - ‘I love you’
...Yeah...yeah....yeah.
What a burke! What a Captain Kirk! -All I could do was stand there and say yeah!
Like coz when it’s in me head
And words don’t need to be said
I can say anything you like, like, like, like. As I said, it’s in me head,
so I can’t give you an example of what I mean,
if you see what I mean.

But words that can be plucked and picked with ease
Don’t sound so good when they come out your mouth
When you speak ‘em out loud
When you sitting on the sofa, next to her,

And your head’s getting hotter
And you ain’t got a lotta time
To come up with a good line
To come up with a line that rhymes

Coz that’s what she likes
Or, that’s what I think she likes to hear me
Say things in a certain way
Coz it’s not important what I say, it’s how I say
things like, I love you.
